Dear Jim:

Thank you for your letter of March 15th supporting Miss Chittom's application for graduate appointment here. I regret very much that her application has come in late, and is still being processed in the Admissions office so that we have been unable to see it. Meanwhile we had to submit our first recommendations for appointment last Monday. Thus her chances depend pretty much upon the rejections that we receive from our first choices. Dr. Van de Vate had already written us about her, and we have been looking for her records. I am sure that she deserves the help for which she has asked and we will do something for her if we can, but we have had over fifty-five well qualified applications for grants and the problem of choosing has been a difficult one.

I hope that by now you have regained complete health and are not working too hard. Please give my regards to Mrs. Silver.

Cordially yours,

L. E. Loemker
